13,120 | Square Feet
2022 | Year Established

Upsala Senior Living is a 20-bed licensed assisted living community serving area residents with a newly constructed building, opening its doors and welcoming their first residents in August 2022. Their commitment to deliver superior service is promoted by quality care and services that nurtures the spirit, protects privacy, enables freedom of choice, preserves dignity, and involves family and friends. NCEDA was able to help with a new business start-up loan for equipment and working capital using the Revolving Loan Fund program through U.S. Economic Development Administration. To learn how NCEDA can help fund your business dreams, visit northcentraleda.org.
